Mrs. L.A.Hardman, Headteacher

31st March 2017

Dear Year 4 Parents and Carers,

Science Workshop

We are excited to have been able to organise a practical Science workshop day for both Year 4 classes on Wednesday 19th April.

Each class will have a 2 hour hands-on workshop provided by the company www.workingscience.co.uk which will complement our learning about electricity and light in our Science lessons. The workshops will give the children the chance to investigate light and shadows, circuit boards, static electricity and different forms of eco-electricity amongst many other fascinating things. It will be a fantastic experience and one which we know will really extend the children's understanding of electricity.

We are part-funding the day by using the money kindly raised by yourselves from our class cake sales, but we are asking for a small £4.50 contribution per child to cover the total cost. This can be paid via the school gateway or by completing the slip below and returning along with the contribution.

We appreciate that this is very short notice but we are very excited to be able to offer and provide such a rich experience for our children.

Kind regards,

Paula Birley and Jon Hall

Year 4 Science Workshop - 19th April 2017

Child's name:

Class:

I have paid using the School Gateway

I enclose a £4.50 contribution for the Science workshop day.
(If paying by cheque, please make payable to 'Bishop Wood School General Account').

Signed:
