Mr G Stanley, Headteacher

Wednesday 21st February 2018

Dear Parents and Carers,

### Primary Science Quality Mark

We are currently working towards renewing the Primary Science Quality Mark. To encourage the children to think like scientists we would like to trial a new initiative where they wear 'laboratory coats' in every science lesson. These lab coats will be men's shirts. If you have an old shirt that your child could bring into school to wear as a lab coat we would be delighted to see it. We are going to try adding new science vocabulary to the shirt so please ensure it is an old shirt that you do not mind your child writing on. If you have more than one shirt available, please send it in and we will give it to another child.

We would also love to hear from any parents, grandparents or other friends of the school that have a science related job or expertise in any STEM area. We would love to give you the opportunity to come and share your experiences with the children so they can hear first-hand how science is relevant, varied and important in today's world. You could work with small groups, classes or the whole school. Please contact me if you would like to help in this area.

Kind regards

Mrs Day – Science Leader
