Around School

Staff have reported great things happening at school this week. Year 3 had a visitor in on Wednesday delivering fabulous Science workshops which the children followed up with exciting experiments. In year 4 the children have loved writing stories in the style of Horrid Henry. Year 5 children have had great success sowing spinach, cress and peas which have germinated and are growing well, and some of them have also really enjoyed the cycle training. Finally, year 6 have been very creative making field guides for their own characters based on the Spiderwick Chronicles.

Science Question of the Week

Why do helium balloons deflate faster than air filled balloons?

Big Pedal

Next week Bishop Wood is taking part in the Big Pedal and this year we are aiming to do even better than we have done over the past five year. The more children, parents and siblings that cycle or scoot to school every day for 5 days, the higher our score will be. If you have to drive for part of your journey then please cycle or scoot the rest! Many thanks for your support.

Vision Consultation

Thank you to those of you who came to the Vision meeting last week. It was well attended and many interesting points were discussed.
