

Dacorum Family Services Supporting Families in DFS Schools

Update

Dacorum Family Services (DFS) is committed to supporting the children, families and schools within the DFS community during these unprecedented times. Whilst all community face to face working is currently suspended, your School Family Workers are here to help at this difficult time by offering help, advice and the support you need or by helping you to get in touch with organisations with the specialist skills and knowledge to help.

To get in touch please either contact your school and ask to be referred in to our Service or please contact us directly using the email addresses/mobile number below.

Lyndsey Hooper

Partnership Manager
